at

ELAWA FARM

1401 Middlefork Drive, Lake Forest, IL 60045

Dr. Wilhelm will present plans for the 5th edition of
Plants of the Chicago Region

co-authored by Laura Rericha and illustrated by Margot Mazur

The new edition promises to be a valuable conservation tool. The changes are profound, including descriptions for each genus and species, faunal associates, etymology, hand drawn illustrations for each genus, more than 250 new taxa, and thousands of new records.
